The stairs of opportunity Are sometimes hard to climb; And that can only be well done By one step at a time. But he who would go to the top Ne'ev sits down and despairs; Instead of staring up the steps He just steps up the stairs

Aim For A Star

Aim for a star
Never be satisfied
with a life that is less
than the best.
Failure lies only
in not having tried-
In keeping the soul
Suppressed.
Aim for a star!
Look up and away,
And follow its
becking beam.
Make each tomorrow
a better Today-
And don't be afraid
to dream.
Aim for a star, and keep
your sights high!
With a heart full of faith
within
Your feet on the ground,
and your eyes on the sky,
Some day you are bound
to win!

Faculty And Staff

ADMINISTRATION

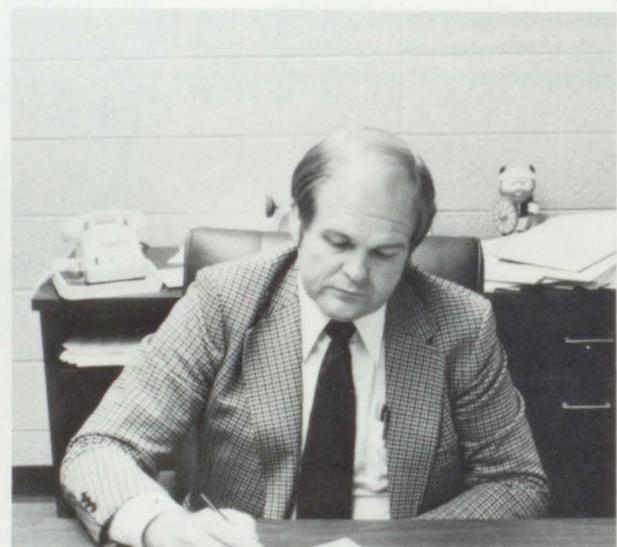

As you glance through the pages of the VALHALLA in years to come, you will reflect upon your high school days with fond memories. The pictures of friends, events and teachers will become more treasured in the years ahead.

You are fortunate to be a high school student at this point in time. Never have the opportunities been

greater! It is the wish, the desire and the purpose of every teacher and administrator that each student seize every opportunity to better himself or herself.

The 1980-81 school year has been an outstanding one. Student achievement has reached new heights. This is a challenge for each of us to continue to grow by striving for excellence throughout school and life.

Dr. G. Milton Dunaway
Principal

Mr. Jesse Mays
Assistant Principal

Mr. Alan Northington
Assistant Principal

Mrs. Lillie Wimberly

Mr. William Grant
Vocational Director

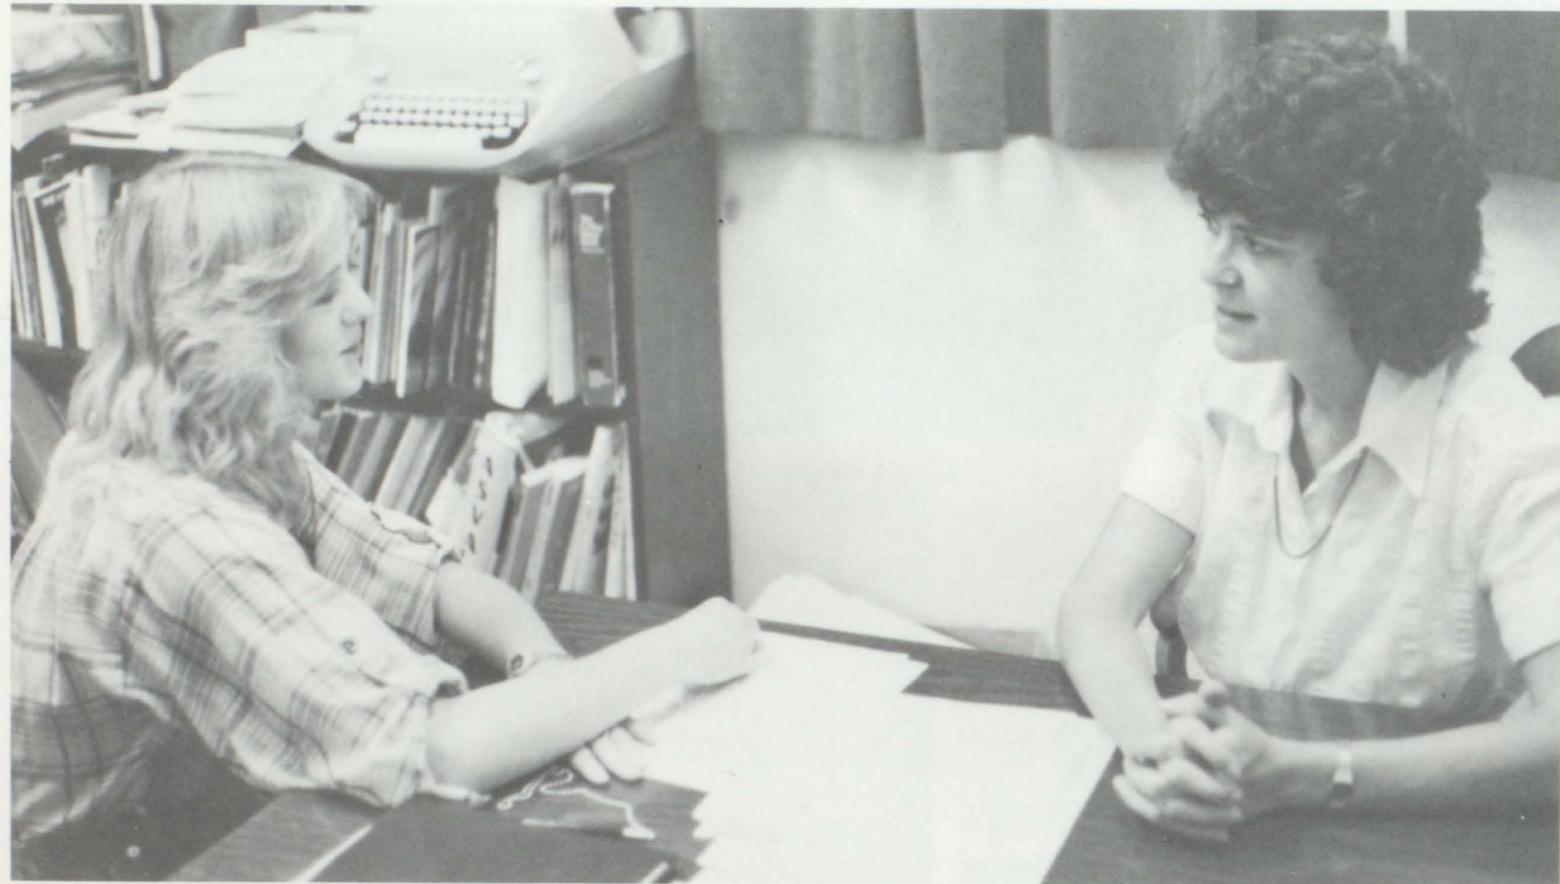

It is with pleasure that I take this opportunity to congratulate the students and faculty of Northeast Comprehensive High School for having completed another successful school term. It has not been easy for some of you I'm sure, but the stick-to-it attitude on your part prevailed and you are all better off for it.

A special congratulations goes out to the graduating seniors who took advantage of the excellent vocational program we have here at Northeast. I am thoroughly convinced that the experiences and skills gained through this program will be of tremendous value to you whether you go on to college, post-secondary school, or the world of work.

To those of you who will be returning next year, I strongly urge you to return with a more positive attitude both toward yourself and toward others. If you will do this I guarantee you that your life will be better. May God continue to bless each of you.

Our Heritage

Would that each true American, however great or small,
Might journey to that shrine of shrines,
old Independence Hall.
And there within those sacred walls
where those immortals met,

Renew our pledge to keep The faith,
"Lest we forget-lest we forget."
LEAST we forget that we must be

The Keepers of our Liberty.

The Northeast Golden Star, a monthly publication, keeps students up-to-date on current events in school, as well as with other local, state, and national events and issues.

A dedicated staff, under the leadership of Scott Davis, editor-in-chief, and Mrs. Carole B. Ford, faculty advisor, has worked together to produce an award-winning newspaper.

By early spring quarter, the **Golden Star** had received word of three different staff awards that they had won: a "superior" rating from the Southern Interscholastic Press Association (SIPA), a "first place" from the Columbia Scholastic Press Association (CSPA), and an "international first place" from the Quill and Scroll International Honorary Society for High School Journalists.

These awards only affirmed what Northeast students already knew: that the **Golden Star** should be recognized for outstanding journalistic achievement.

The 1980-81 football squad was filled with old and new talent. The raiders had hopes of becoming city champions for the first time since the opening of the school; and with the leadership of incoming coach, Ken Brewer, their hopes soon became reality.

In the opening game, the Raiders faced Douglass of Atlanta, one of the top teams in the state. Northeast jumped to an early lead as they returned the opening kickoff for a touchdown. The Raiders carried a substantial lead into the locker room at halftime, but the Atlantians came back strong in the second half and went on to hand the Raiders their first loss.

The disappointing loss to Douglass gave the Raiders a "Must Win Fever", and win they did, as they handed the Perry Panthers a big goose egg.

The following week, Northeast faced the defending state champs, Clarke-Central of Athens. Because of a near upset last year, the Raiders were really fired up for this game. However, the Gladiators had a frustrating start and finally got their offense on the right track as they gave Northeast loss number two. Final score: 15-42

Northeast turned on their own offense the following week as they totally dominated the Peach County Trojans. This win evened their record at 2 and 2 going into the region schedule.

The 1980-81 team was totally dominating. Alvin Copeland's Raiderettes took on the traditional role of being true champions. They highlighted the season by capturing the AAAA State Championship.

The Raiderettes showing little fear, traveled down "championship road" with only a few obstacles in their way. These obstacles were Southwest and Baldwin. The Raiderettes defeated Southwest in the final rounds of the Tom Porter Classic by a score of 57-52 to win their third consecutive Tom Porter Classic Championship. As they traveled on, their toughest obstacle, Baldwin, stopped them dead in their tracks by a defeat of 63-62. They overcame this and later defeated Baldwin twice to win the sub-region crown. Baldwin defeated the Raiderettes once again by a score of 60-57 to win the region. But the Raiderettes pressed forward to win the State Championship by defeating Baldwin by a score of 54-47. The Raiderettes overall record was 28-2. This is their first championship since 1975. Now we have proven who's number one.

CREATION or EVOLUTION?

Interested in learning about the scientific body of knowledge which supports the Biblical Creation Model of Origins? Many well qualified scientists and educated professionals have become convinced that the Biblical Model of Creation and Earth Geological history is more scientific than the evolutionary model. Form your own opinion! For information write to: Institute for Creation Research, 2716 Madison Ave., San Diego, California 92116, or Dr. John Bowman, Shurlington Plaza, Macon, Ga. 31211.

ALMA MATER

*Northeast High, dear Alma Mater,
Proudly standing tall;
Faithfully you have given,
Knowledge to all.*

*Northeast High, dear Alma Mater,
For'er your light shall shine;
Mem'ries of the red and gold,
Ever in our minds.*

REFRAIN:

*Always lead us,
Always watch us,
Never let us fail;
Northeast High, we love you so,
Loyalty prevails.*

*Northeast High, dear Alma Mater,
Three great schools of old;
Everlastingly united,
Into this mighty fold.*

*Northeast High, dear Alma Mater,
You shall be our guide;
Years pass by, but in our hearts,
Lies that Raider pride.*

Northeast High, NORTHEAST HIGH.

Thanks For The Memories . . .

The Valhalla Staff wishes to apologize to the Northeast family and supporters for the delay in the production of the 1980-'81 yearbook.

We also salute those of you who were instrumental in helping us to complete a gigantic task.

A special note of thanks goes to Mrs. Kitchens of the Appling Building for the developing of pictures and to Mr. Phil Hicks for photography.
